Can a Giraffe bend?

Refer to: “Alan Kasujja: The man who walked into the noise,” (*The Independent*, March 30). My guess is that, not long from now, he will lose his eye for small details as he becomes used to the bigger but obvious inefficiencies in that department, eventually he will accept things as they are.

Discover the Breasted Tree in Uganda

Refer to: “Alan Kasujja: The man who walked into the noise,” (*The Independent*, March 30). I am guessing that before Alan Kasujja made his move from the BBC, he must have negotiated some conditions into his contract, which allow him to freely express himself without being meek or sugarcoating the truth. But we wait for what the future holds.

Goonya Zirya ki?

Refer to: “Uganda’s impending debt crisis,” (*The Independent*, March 30). It would be much worse if the Big Man (President Yoweri Museveni) had not stepped in to cancel out incredibly ambiguous loans with his blue fountain pen. The basic and logical principle would be borrowing to fund very critical and productive sectors only. PDM (Parish Development Model) is okay, because that is money going to Wana’inchi to boost them to contribute to the economy. If beneficiaries invest the Shs 1m according to the business plans presented, all the money should be ploughed back into the economy -and in

multiples. Quite frankly, the debt curse has come about because many of our people were previously not engaged in production, leaving the economy in a few hands and burdening the few producers and traders with the absolute bigger tax burden. If everybody given Govt financial backing utilizes that support profitably and pays back, there is no problem. And the contrary is true! However, there is another sure deal solution but we shall keep it up our sleeves until it’s absolutely necessary to sell.

Kasujja, like Mwenda, is a ‘Muhoozist’

Refer to: “Alan Kasujja: The man who walked into the noise,” (*The Independent*, March 30). Kasujja is a Muhoozist (Gen. Muhoozi Kainerugaba loyalist) in the mold of my man, Andrew Mwenda. In a sense, he will be like (his predecessor) Ofwono Opondo: Speak out against everyone in the government except the top boss, and that boss for Kasujja is Muhoozi.

Unfortunately for him, he will be speaking for a rotten regime, an utterly dysfunctional government that requires one to speak from both ends of the mouth. Opondo did that job very well. I am not sure Kasujja will. We wait and see.
